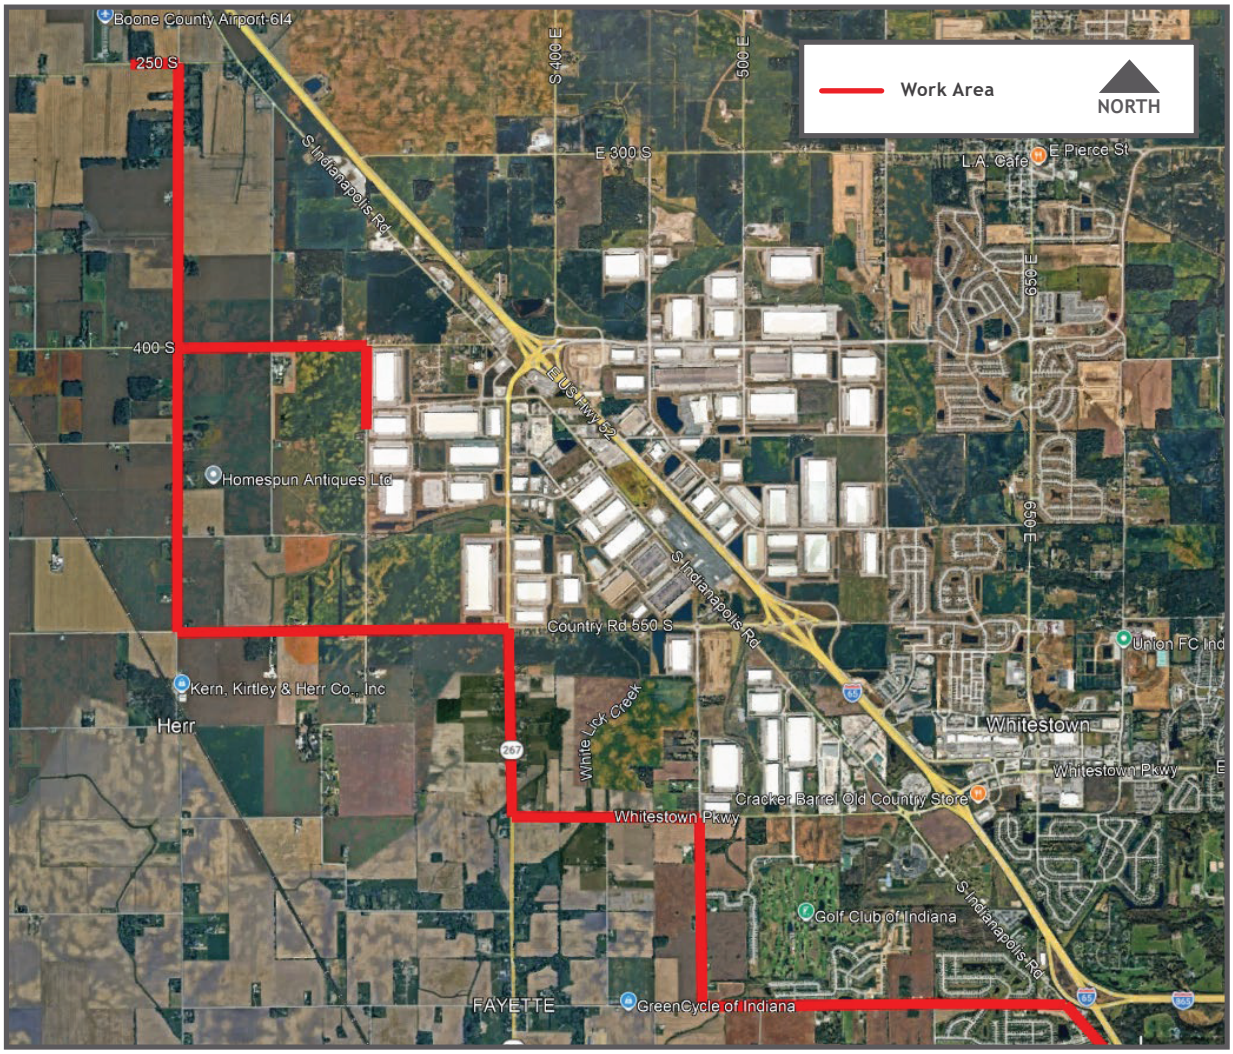
CONSTRUCTION NOTICE



CITIZENS – LEBANON WATER SUPPLY PROGRAM – SOUTHEAST BOONE COUNTY MAIN

Citizens Energy Group is preparing to extend new water mains in your area. This construction will begin on or after June 1 and will take approximately six to eight months to complete. Construction will consist of a rolling work area which will progress along the work area shown in the attached map. Preliminary surveying and erosion control work may take place as early as May 26. During construction, expect temporary lane restrictions along the alignment, as depicted on the attached graphic. Access to nearby homes and businesses will be maintained. Motorists should follow all posted signage to avoid delays. Additional information about the project can be found at www.citizensenergygroup.com/CLWSP or by scanning the QR code below. We know construction is inconvenient, but we appreciate your patience as we work to minimize the impact on the community.
