

CONSTRUCTION NOTICE

WATER MAIN EXTENSION W 82ND ST. AND N COUNTY RD 1025 E

Citizens Energy Group is preparing to extend new water mains in your area. Construction will begin on or after August 24 and will take approximately eight months to complete. Construction will primarily consist of a rolling work area within dedicated easements adjacent to the roadway that will progress along the alignment shown in the attached map. During construction, limited temporary lane restrictions are expected, with two short-duration road closures needed for work beneath the roadway. Local traffic will be maintained for the duration of construction. Motorists should follow all posted signage to avoid delays. Additional information about the project can be found at www.citizensenergygroup.com/CLWSP or by scanning the QR code below. We know construction is inconvenient, but we appreciate your patience as we work to minimize the impact on the community.
